## Independent Auditor's Report

To: Ministry of Finance and Economy of Republic of Albania and the Management of the Project  
"Health System Improvement Project"

### *Opinion*

We have audited the accompanying special purpose financial information comprising the statement of sources and uses of funds, statement of withdrawal applications and the related notes of the Project "Health System Improvement Project" (further referred to as the "Project") implemented by the Ministry of Health and Social Protection and financed by the Loan Agreement No. 8466 - AL ("IBRD 8466 - AL") from the International Bank for Reconstruction and Development ("IBRD" or the "World Bank") for the period 1 January to 31 December 2021. The special purpose financial information has been prepared by the management of the Project in accordance with policies described in notes 2 and 3 of the special purpose financial information.

In our opinion, the special purpose financial information of the Project "Health System Improvement Project" is prepared, in all material respects, in accordance with the cash receipts and disbursement basis of accounting as set out in notes 2 and 3 to the special purpose financial information.

### *Basis for Opinion*

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the special purpose financial information section of our report. We are independent of the entity in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the special purpose financial information in Albania, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Emphasis of Matter – Basis of Accounting and Restriction on Distribution*

We draw attention to notes 2 and 3 to the special purpose financial information, which describe the basis of accounting. The special purpose financial information is prepared to provide information to Project's donors and lenders, and to Ministry of Finance and Economy of Republic of Albania and the management of the Project. As a result, the statement may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Our report is intended solely for the information and use of the Project's management, the donors and lenders, and the Ministry of Finance and Economy of Republic of Albania and it should not be further distributed without our prior written consent.

### *Responsibilities of Management and Those Charged with Governance for the Special Purpose Financial Information*

Management is responsible for preparation and fair presentation of the special purpose financial information in accordance with the basis of accounting described in notes 2 and 3; this includes determining that the cash receipts and disbursements basis of accounting is an acceptable basis for the preparation of the special purpose financial information in the circumstances, and for such internal control as management determines is necessary to enable the preparation of a special purpose financial information that is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility for the Audit of the Special Purpose Financial Information*

Our objectives are to obtain reasonable assurance about whether the special purpose financial information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this special purpose financial information.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the special purpose financial information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates, if any, and related disclosures made by management.,
- Evaluate the overall presentation, structure and content of the special purpose financial information, including the disclosures, and whether the special purpose financial information represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Notes to the Special Purpose Financial Information

## 1. General Information

Through a Loan Agreement, dated March 24, 2015, signed between the Republic of Albania (“Borrower”) and the International Bank for Reconstruction and Development (“Bank”), an amount of Euro 32.1 ml has been allocated to the Health System Improvement Project (the Project) in Albania.

The objective of the Project is to contribute to the modernization of selected public hospital services. The Project became effective on 28 August 2015 and its closing date initially set on February 28, 2021, has been extended until December 31, 2024 as a result of restructurings.

A first Level 2 Restructuring was processed in December 2018, to revise the PDO, Project components and related costs after the mid-term review of July 2018. The revised PDO is to contribute to the modernization of selected public hospital services. The revised project components are:

- i) Improving Public Hospital Sector Management and Infrastructure;
- ii) Improving Health Information management/e-Health for Hospital Services;
- iii) Monitoring, Evaluation, and Project Management.

Another second Level 2 Restructuring was processed in October 2020 with the aim to increase investment in civils works for urgent reconstruction needed after the November 2019 earthquake and extend the closing date by 22 months to allow additional time to implement already signed contracts that had been delayed as a result of COVID-19. As result of the above restructuring the disbursement percentage for category one was changed into 100% (including the taxes) and the closing date was extended until December 31, 2022. Following the approval of the Additional Financing (AF) of about Euro 25 ml, on December 1, 2021, the closing date has been extended by 24 months, until December 31, 2024 same as for the AF. The AF aims to build on activities successfully implemented under the parent Project and to respond to the reconstruction needed to secure development gains.

<b>TOTAL</b>	<b>32,100,000</b>	<b>32,100,000</b>	<b>32,100,000</b>

The Government of Albania will repay the principal amount of the Loan in semi-annual instalments payable as of describe in following:

Date Payment Due (On May 15 and November 15)	Instalment share (Expressed as a percentage)
Beginning May 15, 2022, through November 15, 2036	2.94%
On May 15, 2037	2.98%

The Commitment Charge payable by the Borrower shall be equal to one quarter of one percent (0.25%) per annum on the Unwithdrawn Loan Balance. The interest payable by the Borrower for each Interest Period shall be at a rate equal to the Reference Rate for the Loan Currency plus the Fixed Spread; provided, that upon a Conversion of all or any portion of the principal amount of the Loan, the interest payable by the Borrower during the Conversion Period on such amount shall be determined in accordance with the relevant provisions of Article IV of the General Conditions.

The Project is managed by the Ministry of Health and Social Protection (MHSP) former Ministry of Health (MoH) through a Project Coordination Unit established within the Ministry.

The table below sets forth the items to be financed out of the proceeds of the loan, the allocation of the amounts of the loan and the percentage of expenditures to be financed.

## **1. General Information (continued)**

As indicated in the table, following the second restructuring dated October 5, 2020, all the categories of expenditures are financed at 100% from the loan proceeds.

As of December 31, 2021, Euro 5,321,007 has been disbursed from the Loan proceeds while as of December 31, 2020, Euro 4,282,726 were disbursed.

## **2. Basis of preparation**

The special purpose financial information has been prepared in accordance with the accounting policies in note 3, under the Cash Basis of Accounting.

The special purpose financial information is presented in EUR. Euro is also functional currency of the Project being the currency in which funds are received and most of expenses are settled.

The special purpose financial information comprises the Statement of Sources and Uses of Funds, the Statement of Withdrawal Applications (and related expenditure) used as the basis for the submission of withdrawal applications and a summary of significant accounting policies and other explanatory notes.

## **3. Summary of significant accounting policies**

A summary of significant accounting policies underlying the preparation of the Project's financial statements is presented below.

### **3.1 Foreign currency transactions**

The Project has adopted the Euro as its reporting currency for consistency with the reporting needs of its main donor, the World Bank.

Cash and bank balances in other currencies are converted into Euro at the year-end rate of exchange. Transactions in currencies other than Euro are converted to the reporting currency at the rate ruling at the date of the transaction. Foreign exchange differences are recognized in the Statement of Sources and Uses of Funds.

As at 31 December 2021, 1 Euro was equivalent to 120.76 All.

As at 31 December 2020, 1 Euro was equivalent to 123.70 All.

### **3.2 Cash**

Cash comprises cash on hand, demand deposits and cash equivalents. Demand deposits and cash equivalents comprise balances with banks and investments in short term money market instruments. Amounts appropriated to the Entity are deposited in the Entity's bank account and are controlled by the Entity. Receipts from exchange transactions are deposited in trading fund accounts controlled by the Entity. They are transferred to revenue at each year end.

### 3. Summary of significant accounting policies (continued)

#### 3.3 Recognition of income and expenses

Income is recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, direct payments of the Project's expenses, which are made from the proceeds of the trust fund, are recognized as sources and uses of funds at the time the payment is made. The Statement of Withdrawal Applications presents only applications submitted during the year and only expenses settled through such applications. Expenses presented in the notes to the special purpose financial information include all expenses settled during the year in spite of the supporting withdrawal application period.

#### 3.4 Taxation

The Project is exempt from income tax. The Project is liable for withholding tax and personnel income tax for its staff. The Project is liable for all VAT expenses incurred.
